

# GOT RATS?

We got cats!

**Spayed,  
neutered,  
vaccinated  
barn cats ready  
to go to work! If  
you have a barn,  
shed or other  
outbuilding away  
from a major  
highway, our  
cats will work for  
a bowl of Cat  
Chow!**

Cleveland For a No Kill City's Barn Cat Relocation team will deliver the cats to your barn, where the cats will be held in crates overnight to give them a chance to acclimate to their new environment. In the morning, they'll be released. These cats are coming off death row at Cleveland Animal Control. Not only do you get rodent control, you get to save some feline lives. Email [clevelandcatnippers@gmail.com](mailto:clevelandcatnippers@gmail.com), or call/text 423-464-6074, for more information.
